EXPERIENCE

Software Engineering Assistant

GSoft Sols

April 2024 – June 2024

Lahore, Pakistan

- Learnt the business side of web development and participated in meetings with other developers.
- Made a piece of an app in backend on Flutter with some assistance using Dart.
- Got to talk to clients about what needs they wanted to be fulfilled on their app and fixing bugs.

Lead Coach

Assist Programs

May. 2023 – February. 2025

Sacramento, CA

- Led classes of 30+ students on my own and helped with homework.
- Signed in students and made sure that they were picked up by the right parent at the end of the day. Also, any injuries or misbehaviors were reported to the parents of the student.
- Maintained classrooms for teachers to be happy.

PROJECTS

Automobile Avengers | *Java, Visual Studio, HTML*

September 2024 – December 2024

- Developed a full-stack website with friends for car mechanics.
- Worked on backend and frontend using Java and HTML.
- Visualized GitHub data to show collaboration

Lego Stem Kits | *Code Blocks*

September 2024 – December 2024

- Made lego cars with elementary students and programmed them.
- Showed students how to code them to move and afterwards had them race each other.
